ACDelco

SPARK PLUG

warranty

ACDelco Automotive Parts are warranted throughout Australia against faulty workmanship and materials for a period of 1 year or 20,000km (whichever comes first) from the purchase date.

If an ACDelco Automotive Part is defective (other than for the warranty exclusions specified below) during that period, we will replace or repair it at our cost. To make a claim please return the part to the place of purchase, or your nearest authorised ACDelco stockist.

This voluntary warranty is given by GM Holden Ltd (trading as ACDelco) of 191 Salmon Street, Port Melbourne, Victoria, Australia. For customer assistance, please call us toll free on 1800 ACDelco (1800 223 352).

WARRANTY CONDITIONS

This warranty does not cover:

- Normal wear and tear.
- Labour for removal, and replacement of the unit, from the vehicle unless prior written approval has been obtained from ACDelco.
- Parts which have been subjected to deliberate abuse.
- Conditions resulting from abnormal wear, negligence, alterations or accidents.
- Incorrect fitment.
- Parts used in an incorrect application or parts that are not used for their intended purpose.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The benefits under this warranty are in addition to other rights and remedies you may have at law.

WARRANTY QUESTIONS AND ANSWERS

Q. Will using ACDelco parts void my new vehicle warranty offered by the vehicle manufacturer?

A. As ACDelco products are made to exacting standards, their use should not affect your vehicle warranty provided the correct part is used and is correctly fitted. However, if the use of a correctly installed ACDelco part causes a component failure in your vehicle that is not covered by the manufacturer, ACDelco will, subject to the above Warranty Conditions, cover the cost of repair.

Q. The manufacturer of my vehicle has rejected a warranty claim as they are claiming the failure was caused by a faulty ACDelco part, will ACDelco cover the repairs?

A. In the unlikely event that it is determined that an ACDelco part has lead to a component failure in your vehicle ACDelco will cover the cost of the repair, subject to the above Warranty Conditions.

Q. How do I make a warranty claim?

A. In the first instance contact the place of purchase. Should you require further assistance contact ACDelco on 1800 223 352.

ABOUT ACDELCO

regular spark plugs

ACDelco REGULAR SPARK PLUGS

With coverage for most older vehicles on the road today and robust design, ACDelco Regular Spark Plugs are an economical choice for solid performance.

Features and Benefits

- Has a copper-core center electrode that helps provide improved heat transfer from the tip, giving you the reliability you're looking for while providing better performance in most operating conditions*
- The copper-core center electrode allows for a longer insulator tip length for a given heat range, which helps prevent low-speed carbon fouling
- Precisely engineered and manufactured to provide everyday reliability and efficient performance
- The nickel-chrome alloy on the ground electrode and center electrode sheathing resists wear from spark erosion and the corrosive environment of the combustion chamber

* When compared to non copper core spark plugs

ABOUT ACDELCO platinum (rapidfire®) spark plugs

ACDelco PLATINUM (RAPIDFIRE®) SPARK PLUGS

Designed for today's most popular autos, ACDelco's Rapidfire® Platinum Spark Plug fits engines using regular plugs, as well as newer vehicles requiring platinum performance.

Features and Benefits

- Ribless insulator that helps to improve the plug-to-boot seal
- Tapered center wire electrode with a platinum pad reduces the firing diameter and helps improve the firing efficiency by concentrating and directing energy needed to fire the plug with less voltage*
- Reduced sparking voltage and greater corrosion protection*
- Longer life and improved efficiency*

* When compared to regular spark plugs

ABOUT ACDELCO

double platinum spark plugs

ACDelco DOUBLE PLATINUM SPARK PLUGS

An ideal plug for vehicles requiring platinum performance or older vehicles calling for regular plugs, ACDelco's Double Platinum Spark Plugs can give up to 100,000 kms# of service in some applications.

Maintenance needs vary with different uses and conditions. See Owner's Manual for more information.

Features and Benefits

- Dual platinum tip for improved resistance to spark erosion and corrosive combustion chamber environment*
- Internal glass resistor helps reduce radio frequency interference, meters spark plug energy to help provide long electrode life and seals against compression leakage
- Designed with a corrosion-resistant shell
- Spark gap remains virtually unchanged during the life of the plug

* When compared to regular spark plugs

ABOUT ACDELCO

double platinum finewire spark plugs

ACDelco DOUBLE PLATINUM FINEWIRE SPARK PLUGS

Designed to last up to 100,000 Kms# in most applications, ACDelco Double Platinum Finewire Plugs are the ideal replacement for today's newer vehicles.

Maintenance needs vary with different uses and conditions. See Owner's Manual for more information.

Features and Benefits

- Improved cold-starting and acceleration characteristics*
- Provides a more focused ignition for better overall ignitability*
- Reduced ignition system voltage demands saves wear and tear*
- Spark gap remains virtually unchanged during the life of the plug
- Suitable for newer vehicle applications using Finewire style plugs

** When compared to regular spark plugs*

WORKSHOP GUIDE

selection & installation guidelines

SELECTION PROCEDURE

1. Check the application section in this catalogue for the recommended spark plug.
2. Check condition of old spark plugs and driving conditions of application and adjust heat rating if appropriate.

To function correctly, spark plugs need to operate hot enough to burn off deposits, and remain below pre-ignition temperature.

INSTALLATION GUIDE

Replacing spark plugs may seem like a simple job, but proper procedures must be followed to ensure the best results. While you should always use the vehicle manufacturer's service procedures, which may include removal of certain engine components to access the spark plugs, here is a basic step by step guide:

1. Be sure that the engine is cool before beginning.
2. Carefully remove the spark-plug boots. Grasp the boot, twist it about a quarter turn to break the seal, and then lift it straight off. If the boot does not break free easily, use a spark-plug boot puller. As you remove the boots and ignition wires, number them using tape and a marker.
3. Clean the area around the spark plugs using a blast of compressed air, or by blowing through a soda straw. This prevents debris from falling into the combustion chamber when the old spark plugs are removed.
4. Loosen each spark plug using the correct hex-head socket wrench.
5. Remove the spark plugs and line them up in cylinder order. Inspect the spark plugs to identify any engine problems that may need attention.
6. Gap the new ACDelco spark plugs as recommended by the vehicle manufacturer. Use a rounded feeler gauge or a specific gapping tool to measure the gap between the centre electrode and side electrode. The gauge should pass through the gap snugly but easily. If too loose or too tight, adjust the gap as needed.
7. Screw the new spark plugs in by hand until just finger tight. If it is difficult to reach the spark plug socket, use a length of rubber hose to extend your reach.
8. Tighten the spark plugs using a torque wrench and following the vehicle manufacturer's recommendations. If you do not have a torque wrench, refer to the section on installing Spark Plugs without a torque wrench.
9. Before replacing the ignition wires and spark-plug boots, check them for any cracks or brittleness, or obvious signs of corrosion or wear. Replace the entire set if you detect any of the above defects.
10. Place a small amount of dielectric grease inside the spark-plug boot where it connects to the spark-plug barrel. This will help ensure a tight, moisture resistant seal and help resist flashover.
11. Replace the spark-plug wires in the correct order, following your marks. Make sure that the ignition wires are routed correctly and will not come into contact with hot engine components.
12. Start the engine. If the engine misfires or idles badly, shut it off and double-check that the ignition wires are not crossed or connected poorly. Check the firing order and all the connections carefully.

Note #1: Always replace spark plugs as a complete set. This is especially important with computer-controlled ignition systems.

Note #2: It is very important to properly tighten all of the spark plugs. Too little torque can cause the spark plug to leak combustion gases. Over-torquing the spark plug can damage both the plug and the threads in the cylinder head.

Note #3: Do not use any grease or lubricant on the spark plug threads since this may result in over-torquing the spark plugs, and could lead to engine damage.

WORKSHOP GUIDE

selection & installation guidelines

INSTALLING SPARK PLUGS WITHOUT A TORQUE WRENCH

It is always best to use a torque wrench to install spark plugs. If a torque wrench is not available, however, you may use this chart as a guide. (Note: These suggestions are for spark plugs with new gaskets.)

Spark Plug Thread / Seat	Tightening Procedure
14mm and 18mm tapered seat	Tighten 1/16 turn after finger tight
14mm and 18mm gasket seat	Tighten 1/2 turn past finger tight
12mm gasket seat	Tighten 3/8 turns past finger tight
10mm gasket seat	Tighten 1/4 turn past finger tight

1. **Finger Tight**

2. **1/16 Turn**

3. **1/4 Turn**

4. **3/8 Turn**

5. **1/2 Turn**

SPARK PLUG

application list

Information in this application listing section has been compiled from data published from Original Equipment Manufacturers and other parties. This data may change from time to time and ACDelco is unable to warrant the accuracy of this data and does not accept responsibility for loss or damage of any kind caused as a result of such data being inaccurate.

abbreviations

ABBREVIATION	EXPLANATION OF ABBREVIATION
AUTO	Automatic Transmission
BBL	Barrel
CARB	Carburettor
DOHC	Double Overhead Camshaft
E85	85% Ethanol Petrol Compatible
EFI	Electronic Fuel Injection
F/I	Fuel Injection
HFV6	High Feature V6 Engine
HP	Horsepower
INCL	Includes
kW	Kilowatts
LPG	Liquid Petroleum Gas
LWB	Long Wheel Base
MANUAL	Manual Transmission
MPI	Multi Point Injection
OHC	Overhead Camshaft
RWD	Rear Wheel Drive
SIDI	Spark Ignition Direct Injection
SOHC	Single Overhead Camshaft
SWB	Short Wheel Base
V	Valves
VCT	Variable Camshaft Timing
VIN	Vehicle Identification Number
VVT	Variable Valve Timing

Spark Plug Specifications

regular spark plugs

ACDelco Regular Spark Plugs (Common characteristics - J type electrode, Resistor style except for 42XLS & 43XLS which are a Non Resistor style)

Refer to Illustration Number:	1	2	3	3	4	5	6	7	8	9	10		12	13	14

ACDelco

Welcome to the ACDelco Online Product Catalogue.

Included in Online Catalogue

Filters

Batteries

Spark Plugs

Brake Pads

Disc Rotors

Search our online catalogue of ACDelco Filters, Batteries, Spark Plugs, Brake Pads and Disc Rotors to suit your vehicle.

Not included in Online Catalogue

- Chemicals
- Fuel Pumps
- Oils & Fluids
- Reman Cycliner Head Kits
- Reman Engines
- Steering Racks, Pumps & Boxes
- Wiper Blades & Refills

Click on the product name above to view PDF catalogues of all other ACDelco products.

Terms & Conditions

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any ACDelco product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden in its published sales literature, and Holden does not accept any liability for any such unauthorised action.

Holden has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but Holden doesn't make any promise other than that contained in the New Vehicle Warranty given by Holden that such parts or service facilities will be available at any specific location or at any particular time.

Express warranties offered for ACDelco products are subject to the conditions set out in all vehicle handbooks. Details also available from Holden on request. Copyright Holden. April 2018
