Introduction

Florida law requires Scholarship Funding Organizations (SFOs) to prepare purchasing handbook (the “guidelines”) for authorized uses of scholarship funds and to update the guidelines at least annually, including a list of prohibited items and services and items or services that require preauthorization or additional documentation.

These guidelines are intended to be general in nature and to assist parents and guardians to remain in compliance when requesting scholarship disbursements. They are not intended to provide detailed instructions or to prescribe any particular educational programs. Because each SFO is an independent non-profit organization, they each have their own policies and procedures, so it is important to refer to your SFO’s [Parent/Guardian Handbook](#) and materials for detailed information about their scholarship administration processes.

Purchasing Policies

Florida law requires that Family Empowerment Scholarship for Educational Options (FES-EO) and Florida Tax Credit (FTC) Scholarship funds must be used to meet the educational needs of an eligible student. Using a student’s scholarship funds for other purposes may violate Florida Statutes and may be a crime. Parents and guardians should contact their SFO if they have questions about the eligibility of a financial transaction using scholarship funds prior to engaging in this transaction.

SFOs may require parents and guardians to use an online platform for purchases provided their choice of curriculum or academic programs is not limited. SFOs may also reimburse parents and guardians for their purchases of eligible products or services that meet their student’s educational needs. Parents and guardians should verify with their SFO that a purchase is eligible for reimbursement before making the purchase. If a parent or guardian purchases a product identical to one offered by an SFO’s online platform for a lower price, the SFO is required by law to reimburse the parent or guardian for the cost of that purchase.

Florida Statute 1000.21(5) defines “Parent” as either or both parents of a student, any guardian of a student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of the parent. For the purposes of the Purchasing Guide, the term “Guardian” will be used to include all eligible parents and guardians above who manage an Education Savings Account (ESA) for an eligible FTC, , or FES-EO student.

The Florida Department of Education (FLDOE) reserves the right to terminate an FTC/FES-EO scholarship for violations of the scholarship guidelines, applicable policies, rules, or laws. Examples of violations that are likely to result in termination include:

- Enrolling in a public district school, charter school, or public online schools (including summer public school), without paying the public school.
- Misspending funds or committing fraud.

- Accepting any other scholarship or tax credit scholarship while participating in FTC/FES-EO.

Step Up For Students reserves the right to deny an item or require clarification for item(s) that are not age-appropriate or promote violence, criminal activity, or illegal behavior.

General Purchasing Provisions

Age-appropriate: Given the unique and varied needs of students participating in this scholarship program, age-appropriate evaluations are primarily focused on minimum age requirements for safety purposes.

Cash Purchases: Cash payments to private sellers are not eligible for reimbursement.

Educational Benefit: Educational benefit is defined as products, practices, or services that support and advance student learning. Some items or services may require additional information to demonstrate the educational benefit of the item or service to the educational needs of the student.

Monetary Benefit: A family shall not receive a payment, refund, or rebate of scholarship funds from a vendor or provider of any services.

Out-of-State Activities: Out-of-state activities that meet general expense criteria are eligible with Pre-Authorization approval.

Out-of-State Service Providers: With the exception of credentialed providers whose services may be delivered virtually (e.g., tutors, Choice Navigators), services must be delivered in Florida.

Parent: The term parent has the same meaning as in Florida Statute 1002.394(2)(m).

Pre-Authorizations: Many items and services have been pre-approved as authorized uses of scholarship funds. However, some items or services require a parent to submit a pre-authorization request prior to making the purchase. See [Appendix B](#) for a full list.

Note: Items or services not listed as eligible in this Purchasing Guide require a pre-authorization approval before purchasing the item or service. Step Up For Students will not accept or consider pre-authorization requests for items that are prohibited.

A pre-authorization request requires:

- Completion of the pre-authorization request form and the completion of the [Educational Benefit Form](#).
- A pre-authorization request requires supporting documentation and an explanation of how the item is an eligible expense.
- The pre-authorization request should be specific to the student and contain as much detail about the specific item or service being requested, including the approximate cost of the item or service.

- Completion of the reimbursement or direct pay request if the pre-authorization request is approved. The items or services submitted for reimbursement should correspond to the pre-authorization request.

A pre-authorization request is not a confirmation of the provider's eligibility or the funding available for the reimbursement.

Approvals of pre-authorizations are decided on a case-by-case basis relevant to the needs of the individual student. An approved pre-authorization is valid for purchases in the school year in which it was approved.

Pre-authorizations are submitted through scholarship portal once a student's account has been funded. The pre-authorization request will be reviewed in the order it was received, and a notification of the outcome will be sent via email. If the pre-authorization is approved, once you have purchased the item, submit a reimbursement request in the parent and guardian portal.

Pre-authorizations are accepted until April 30, 2025. This will ensure that pre-authorizations have time to be approved and parents have time to make the purchase and submit a reimbursement request prior to the end of the school year on June 30, 2025.

Product Safety: Some items or services may be unsafe for students and are not eligible program purchases, including any item or service that:

- May pose a threat to the student or others
- Promotes violence or criminal behavior
- The scholarship student does not meet the manufacturer's minimum age recommendation for
- Firearms, blades, knives, or items with blades or knives, except for scissors, math tools, and some cooking equipment

Prorating Payments for Multi-User Items: Other family members often use products purchased with scholarship funds. Consequently, funding for these multi-user items is prorated to only cover the scholarship student's cost. If a single-user subscription is available, the multi-user item purchase is prohibited.

Purchase Location: Purchases made online through the direct buying platform using scholarship funds must be shipped to the mailing address associated with the student's scholarship account.

Authorized Expense Categories

***Note on Florida theme park admission:** Each scholarship student may submit one reimbursement request for admission to one Florida theme park during the school year for a value up to \$299 before tax. The parent or guardian may choose either a single or multi-day park admission ticket or an annual pass, which will be reimbursable at the actual rate paid for the student's age group, up to \$299 plus tax. Because each scholarship student will be allowed one reimbursement submission, and the parent or guardian may only be reimbursed for the actual amount paid at the time of reimbursement submission, parents and guardians utilizing a payment plan must wait until the ticket or pass has been paid in full (or up to \$299) before submitting their reimbursement request. Reimbursement requests for theme parks may not be bundled with other reimbursement requests or receipts.

Only the actual cost of the basic admission for the student will be covered. Additional services (such as parking, food and beverage packages, photographs or souvenirs, or premium access) are not eligible expenses.

The following Florida Theme Parks are eligible:

 - LEGOLAND
 - Peppa Pig Theme Park

 - Universal Studios Florida

- Islands of Adventure

For example: an Annual Pass is purchased in August 2024 but paid on a payment plan; a total of \$299 has been paid as of November 15, 2024, and a reimbursement is submitted. The reimbursement request should be submitted with Invoice Date of November 15, 2024.
 - For purchases made with a payment plan: the parent or guardian may only be reimbursed for the actual amount paid at the time of reimbursement submission.

Tuition & Fees

Tuition & Fees At An Eligible Private School

Tuition and fees at an eligible private school are eligible FTC/FES-EO expenses. Not all private schools are eligible to participate. Eligible schools must meet state eligibility criteria and elect to participate in the FTC/FES-EO scholarship programs with the Florida Department of Education (FLDOE). A list of schools eligible to serve scholarship students can be found in the [Florida Private Schools Directory](#). Select your county; then select Either FES Educational Options or FTC Schools.

Tuition & Fees for Full-Time In-Person Learners

The agreed-upon amount of tuition and fees for each student is a contractual agreement between the parent or guardian and their eligible participating private school. Parents and guardians are required to meet with the eligible private school's principal or the principal's designee to review the school's academic programs and policies, specialized services, code of student conduct, and attendance policies before enrollment under Florida Statute 1002.394(10)(a)5. For students enrolling in an eligible, participating private school on a full-time basis, the SFO is obligated to commit scholarship funds on behalf of the student for tuition and fees for which the parent is

responsible to pay to the private school before the student may use scholarship funds for additional uses.

This option is only available to FTC/FES-EO full-time private school scholarship students.

Parents and guardians can find the list of providers online at [FLDOE Approved Virtual Instruction Program \(VIP\)](#).

Tuition & Fees As A Private-Pay Student At The Florida Virtual School

Tuition and fees required for enrollment as a private-pay student at an approved virtual school are eligible FTC/FES-EO expenses.

Students utilizing FLVS must be enrolled as a private-pay student. If a student is enrolled on a full-time basis in FLVS and funded as a public school student, the student will lose eligibility and funding for their FTC/FES-EO scholarship. The parent or guardian can pay for services and request reimbursement, or the school district can choose to be paid directly as a provider.

There is no requirement for public schools or charter schools, or school districts, to contract for services with a scholarship participant or to set up an account for payment as a provider. Participation is optional for the public schools or districts.

A student who receives contracted services under this paragraph is not considered enrolled in a public school for scholarship eligibility purposes. However, if the district reports the student for any FTE funding or other state funding, the student will be ineligible for the Family Empowerment Scholarship and Florida Tax Credit Scholarship programs.
